May Masquerade Carnival On May 3

Student Council, Senior Class and Freshman Class, Columbian,
To Combine Annual Proms in Big Party at Arcade
Auditorium—All Departments and Organiza-
tions Asked To Support Project.

The first annual May Carnival of the George Washington University, to be held at the Arcade Auditorium, Fourteenth and Park Road Northwest, on the date of May 3 at 9 o'clock, is announced today by a committee composed of representatives of the Student Council, Senior Class, Columbian College, Freshman Class, Columbian College, the Law School, the Medical School, and the Director of Student Activities. The Carnival is to combine the annual Student Council, Senior and Freshman Proms generally given in the University.

The University is to be covered by a committee of four, which has drawn upon every activity, department and organization for support in order to make the Carnival an unqualified success. All details have been perfected, and the Carnival is expected to work forward with a rush, beginning with the announcement of plans today.

In coordinating the three big proms into the one May Masquerade Carnival the committee in charge expects to reach every student in the University, as well as faculty members and George Washington Alumni associates from every department.

The committee in charge has taken over the Arcade for the night of May 3. Special features will accompany the unusually long dance program. There will be special acts interpolated between dances. Two orchestras will provide music during the night.

FOR GYMNASIUM FUND.

The Carnival is expected to furnish funds to defray deficits against the various activities run by organizations this year and to materially aid in providing the Student Activity Fund with money toward the proposed gymnasium, the Cherry Tree and for general expenses.

The President of the University, the Board of Trustees, President's Council, the President's Select Council, the Deans of the various departments, the Board of Managers, the Board of Education of the District, the Principals of the Washington High Schools and other patrons of the University have been specially invited to attend the Carnival.

Sponsored by the Student Council, the Senior and Freshman Classes of the University, the Law School, Medical School and the Director of Student Activities, every effort will be bent toward making the Carnival quite the largest social affair ever attempted at the University.

Earl Shea, president of the Senior Class, Columbian College, is chairman of the Carnival committee, which is composed of Earl Shea; Earl Manson, president of the Freshman Class, Columbian College; Lois McDaris, Law School; John Paul Earnest, Jr., Medical School; J. Foster Hagan, Columbian College; and Josephine Houston, Columbian College.

COMMITTEES IN CHARGE.

Special committees are headed by the following: Thomas Lodge, Law School, finance; Earl Manson, Columbian College, arrangements; Lois McDaris, Law School, tickets; J. Foster Hagan, Columbian College, publicity; Josephine Houston, Columbian College, prizes.

Others on the various committees are Martha Waring, Columbian College; Emmett Doherty, Law; Vivian Bradley, Columbian; Waldo Clark, Columbian; J. Fuller Spoerri, Columbian; Alec Preece, Columbian; Ethel Johnson, Teachers' College; Clarence Owens, Columbian; Edward Brown, Columbian; Martha Dunham, Columbian; John Daily, Law; Alfred Powell, Engineering; Howard Espey, Law; Walter Scott, Engineering; Sam Rogers, Columbian; Sam Dodeck, Columbian; Granville Dickey, Engineering; Charles Foley, Columbian; Eugene Thomas, Columbian; Winnifred DeVoe, Columbian; Olive Prescott, Columbian; Richard Vidmer, Law; William Smithwick, Columbian; Maxine Ralle, Columbian; James Duggan, Columbian; and Helen Haddon, Columbian.

Every organization connected with the University is expected to lend its interest and support to the Carnival. The affair, a masquerade dance, will be a George Washington affair wholly, although special invitations will be sent to other institutions in the District.

BOARD FAVORS DRASTIC ACTION ON DELINQUENTS

Resolution Providing for Suspension
of Delinquent Tax Signers Passed
by Board of Managers.

The Board of Managers at their last meeting instructed Bryan Morse, Director of Student Activities, to present to the Trustees of George Washington University a resolution which provides for the suspension of delinquent student activity tax signers from all classes until payment is made.

At the board meeting Professor Henry Grattan Doyle moved that the following resolution be presented by the president of the Board of Managers to Dr. William Miller Collier, president of the University, who will submit the resolution to the Board of Trustees. The resolution reads:

"Whereas 31.7% of the amount subscribed by the students to the student activity tax has not been paid; and

"Whereas those who are delinquent in payment have been twice billed by the Director of Student Activities and have twice been billed by the Treasurer of the University; and

"Whereas they have had ample warning that summary action would be taken if they remained delinquent in payment; and

"Whereas the success of the athletic program for the year 1920-21 depends in large measure on the payment of the remaining subscriptions; and

"Whereas the agreement to pay this tax is not compulsory but voluntary; and

"Whereas the program undertaken by the Director of Student Activities and the Board of Managers was based on the number of subscriptions made; therefore, be it

"Resolved, That any student who subscribed to the student activity fund and who shall be delinquent in the payment thereof, either for the first or second semester, 15 days after the passage of this resolution, shall be suspended from classes until payment is made; Provided, That this resolution shall not operate on any student who appears before the Board of Managers and shows good cause why he should not be compelled to fulfill his subscription.

This action follows the report of the Director of Student Activities, submitted to the Student Council and the Board of Managers at their last meetings. The report was preceded by the sending of bills to all delinquents by both the Director of Student Activities and the Treasurer of the University.

JUNIOR CLASS STILL ALIVE AND KICKING

Committee To Make Financial Report
on Centennial Week in the
Near Future.

In these postwar days it seems rather paradoxical even to conceive of anything with a constructive kick in it, assuming that in the pre-war days there existed constructive kicks, but President Pulliam insists that the Junior Class of Columbian College is "very much alive and kicking." The kick obtains in a series of progressions that will terminate at the nth term with still more kick.

The Class of '22 started the year with effective cabinet and committee action which gave Junior Week an enviable status in University annals. J. Foster Hagan will soon bring in the report on the centennial celebration finances, which bids fair to satiate the desires of those encumbered with Hamiltonian responsibilities. A dinner and a classical-melee contemplated by the social committee, J. Fuller Spoerri, chairman, promises relief and unusual enjoyment for those with social expectations and gastronomical ambitions.

The constructive statesmanship that has characterized the class from the beginning of its junior year is to find permanent embodiment in a constitution authorized by a vote of the class. The constitutional committee, Michael Massman, J. Fuller Spoerri, and Edward L. Scheufler, are already laboring to respond to the executive, parliamentary and judicial atmosphere that pervades our University, situated in the National Capital—an atmosphere which has ever existed within its amiable portals—but a response to which has never been affected since the time to which the memory of the Picts runneth not to the contrary.

The chairman of the publicity committee announces an important class meeting scheduled for Wednesday, April 13.

G. W. WINS DEBATE FROM PENN STATE

George Washington Debaters Add
Another Victory to List; Have
No Defeat This Season.

Debating marked by polished speaking, clear and forceful logic and but little befogging of the point with irrelevant data was the order of the evening at the Y. M. C. A. auditorium Friday, March 25. George Washington, supporting the negative, won the decision over Penn State, who were worthy opponents in every sense of that term. The question was "Resolved, That labor should share in the management of corporate industry." Hon. Huston Thompson, chairman of the Federal Trade Commission; Representative C. William Ramseyer and Robert L. Henry, former dean of the University of Iowa Law School, were the judges.

The meeting was opened by Prof. Collier of the Law School, introducing the presiding officer, Hon. Henry H. Glasse, of the Department of Justice, Penn State, through Eliot E. Overdorf, opened the debate by asserting a firm stand in favor of the shop council plan and was answered by G. W.'s representative, Leslie Jackson, who definitely placed the burden of proof on the affirmative by defining the meaning of management, Penn State replied when Kenneth D. Hart seconded Overdorf's position as regards the shop council plan and was in turn answered by Stanton Fitzgerald, who demonstrated the diametrical opposition of capital and labor. George D. Stoddard then ably tried to demonstrate the necessity for labor's participation in the field of management. Then Capt. Henry Perlin, of G. W., replied by admitting the advisability of labor's participation through shop councils and the like but demonstrated that such powers must, at the present time at least, remain purely advisory. In the rebuttal Penn State was unfortunate as regards the definition of management, and the judges rendered a decision in favor of G. W.

The season for the debating team has been successful in every degree in that with this success they have captured every one of the five debates in which they have participated, and so have established themselves firmly as a leading debating team among universities.

HELD ANNUAL SCHOLARSHIP LUNCHEON ON APRIL 2

Representatives of G. W. Sororities
Guest of Pan Hellenic Society;
Affair Given at Lafayette.

The Pan Hellenic Association of George Washington University gave its annual scholarship luncheon at the Lafayette Hotel Saturday, April 2, 1921. Each sorority sent its senior Pan Hellenic delegate, the upper classman with the highest standing, the list running as follows: Pi Beta Phi, Martha Waring; Elizabeth Ernest and Marjory Ludlow; Chi Omega, Lella Warren, Sam Akin, and Barbara Hildreth; Sigma Kappa, Rosemary Arnold, Helen Hosford, and Maxine Ralle; Phi Mu, Evelyn Jones, Margaret Brewer, and Elsie McGarvin; Theta Lambda Sigma, Eleanor Judd, Wanda Castle, and Helen Newton; Coalition Club, Dorothy Johnson, Fred Woodson, and Margaret Paterson. The delegates from Columbian College were Mary Bradley, senior; Mae Adelle Markley, junior; Catherine Chapman, sophomore; and Anne Hof, freshman, while those from Teachers' College were Mrs. Hyman, senior; Alice Fowler, junior; and Adele Staley, freshman.

The association was honored in having Mrs. William A. Wilbur as guest of honor at the luncheon. A delicious luncheon was served, and the table was charmingly decorated in roses and sweet peas.

ALUMNI TO MEET APRIL 15TH.

The Alumni Association of the University is holding its annual meeting at the Washington Club, 1701 K Street, on Friday evening, April 15, at 8 o'clock. All members of the graduating classes are cordially invited to attend this meeting, and especially to attend the reception which will follow it in honor of the Senior Class. The reception will be followed by dancing. Although cards are being sent out from the office of the secretary of the alumni, the invitation is general to all seniors in the University, and it is hoped that they will attend, whether they receive cards of invitation or not.

ENLARGE SCHEDULE OF SUMMER SCHOOL

Classes Will Come Under Two
Groups; Division on Basis of
Semester Credits.

The 1921 summer school will be run essentially on the same plans as our previous summer schools have been run. The main classes may be divided into two groups, one nine week group carrying three semester hours of credit each, and the other a 6 week group carrying two semester hours of credit each. The nine week classes will begin on June 20 and run until August 26, and the six week classes, with a few exceptions, will begin on June 27 and run until August 6. The number of classes in each of these groups offered this year is considerably larger than the number was last year.

The course in education will be given by Dr. Garver, of the Oakland School, Philadelphia; Mr. Deffenbaugh, of the United States Bureau of Education; and Mr. Kayser, assistant professor of history in the University. Dr. Garver will give two courses on the junior high school and one course on educational measurements. The courses on the junior high schools are offered primarily to meet a special need in the public schools of the District. Mr. Deffenbaugh will give a course on elementary education and Mr. Kayser a course in the history of education.

Dean Wilbur will give his standard course in English rhetoric and two new courses, one in selected plays of Shakespeare and the other in selected poems with distinctive cultural values. Dr. Brigham, who has heretofore given the work in composition and the history of art, will change the latter course to a course for teachers in art and drawing. Dr. Brigham has had extensive experience in the supervision of art in the public schools and will offer a course of direct value to teachers.

The courses in household economics, so efficiently started last year by Miss Allen, will this year be offered by Miss Elizabeth Kundert, of Hood College, Frederick, Md.

The work in philosophy, heretofore offered entirely by Prof. Richardson, will this year be supplemented by two courses in psychology offered by Asst. Prof. Metcalf, who has come to George Washington University during the past year, and by two courses in logic by Mr. Hankin, of the department of mathematics. Mr. Hankin has taken his major work in philosophy and is exceptionally well prepared to offer these courses in logic.

Prof. Croissant will offer three courses in English, two of which are new, having not heretofore been offered either in the summer school or in the regular session. These are the influence of the doctrine of evolution on literature, with readings of Huxley, Stevenson and Browning and others, and second a course on the literature of the Bible.

The course in public speaking which was efficiently started last year by Mrs. Renshaw will again be offered by Mrs. Renshaw the coming summer.

The full course in commercial law is offered this year by Prof. Alden. Last year only half of this course was given.

The work in history will be given by Profs. Churchill and Kayser. Prof. Churchill will offer a course in American history and one in Latin-American history. Prof. Kayser will offer a course on the French Revolution.

The basic courses in French this year will be given by Mr. Protzman, who came to us during the past year, and the work in Spanish by Prof. Doyle. Miss Maret will offer a course in conversational French.

The courses in mathematics offered by Profs. Erwin and Hodgkins will be essentially the same as those offered last year, and the same may be said also of the courses in economics and sociology offered by Prof. Kern, commerce offered by Prof. Kochenderfer, political science offered by Prof. Hill, geology and geography offered by Dr. Resser, physics offered by Prof. Brown and Mr. Cheney, and chemistry offered by Prof. Swett.

Prof. McNeil, who gave one course in chemistry last year, will this year offer two courses, one on organic chemistry and one on physical chemistry.

A course in nature study, especially adapted to the needs of the elementary school teachers, will be offered by Dr. Schufeldt.

Don't Growl

Not infrequently have we heard students growl about the methods employed in elections and other political activities at the University. Numerous times we have heard rumors of discrimination in appointments to various school honors by our body politic. Whether G. W. class elections and other activities of a political nature have always been entirely above board or not is hardly a question for The Hatchet to decide, but we do believe that where there is a lot of smoke there is some fire. So by way of suggestion (and we believe in the power of suggestion) The Hatchet would say that the Student Council is always open to the students of the University, and the same applies to class meetings. Thus if you have any kick about the way things are being run, don't growl, but show your hand when the next election comes. Don't assume the attitude that your vote doesn't count. It does. Keep in touch with the events at the University and scrutinize closely those who hold positions of importance in student affairs, so that you will be able to vote intelligently and with conviction whether it be for council member or class president.

The Resolution

The Board of Managers at a recent meeting passed a resolution favoring a very drastic action relative to dealing with those students who have broken faith with the University by not paying up their activity tax, such drastic action being the expulsion from the University of those students who have persistently refused to pay the activity tax after having signed the contract. This resolution is a sad commentary on the spirit of the University's student body. Surely conditions have reached a most deplorable state when it becomes necessary to expel from the University a goodly number of students for breach of contract. This, however, seems to be the only method adapted to dealing with students whose principles are so perverted that they consider a signed contract as something to be disregarded with impunity. The Hatchet is heartily in accord with the resolution and would urge that the Board of Trustees act favorably upon it so that once and for all George Washington University may be rid of those students who would discredit it.

G. W. SCIENCE CLASSES SEE CHEMICAL EXHIBIT

Exhibit Arranged by Chemical Warfare Service Under Auspices of National Research Council.

The chemistry classes, accompanied by Prof. Hiram Colver McNeil, visited the chemical exhibit of the National Research Council at 1701 Massachusetts Avenue Northwest on the following dates: Organic chemistry, Monday, March 21, at 8 p. m.; Class 1-A, Tuesday, March 22, at 12 noon; and Class 1-B, at 5 p. m.

This chemical exhibit was prepared by the Chemical Warfare Service. It is one in a series of popular scientific exhibits arranged under the auspices of the National Research Council to emphasize the importance of fundamental research.

The main feature of the exhibit is a topographic model 7 by 12 feet. The outer portion of the model shows the plants and equipment required for the production of some of the more important crude materials. In the center of the model are four separate groups of buildings representing the production of the intermediate chemicals: One for the manufacture of dyes, another for explosives, another for pharmaceuticals and medicinals; and another for war gases. The complete range of colors of American-made dyes in this exhibit gives evidence of the wonderful

progress made by American dye manufacturers. Dye patterns also are shown.

The exhibit probably will be dismantled about the middle of April. Meanwhile, it is open daily from 9 a. m. to 5 p. m. and in the evening by appointment.

JUNIOR LAWYERS WILL GIVE BIG CLASS PARTY

The Juniors of the Law School will have a big class party Saturday, April 9, at 8.30 p. m., at the Law School. Frank Yates, chairman of the class social committee, has arranged a program, which will afford amusement of all sorts.

This part of the program will last about an hour, after which refreshments will be served. Dancing to jazz music, furnished by a black-face orchestra, will then be in order for the rest of the evening. Each second-year lawyer is to be allowed to bring along either sweetheart, wife, husband or friend. The social committee promises that all those who attend will have the time of their lives and will become better acquainted with their classmates.

Henry even carries matches now

HENRY WAS "near."
IN OTHER words, tight.
HE CARRIED two packs.
OF CIGARETTES.
ONE FOR friend Henry.
FULL OF "Satisfys."
AND THE other containing.
JUST ONE cigarette.
AND THAT lone cigarette.
WAS ALWAYS offered.
TO SMOKELESS friends.
WHO WERE all polite
AND REFUSED to take it.
AND SOMEHOW Henry
WAS NOT popular.
TILL ONE day by mistake
HE PULLED the full pack
AND EVERYONE FELL on it.
WITH LOUD cries of "gee!"
HIS STRONG constitution.
CARRIED HENRY through.
AND DAY by day
HE GREW more popular.
AND HENRY knew why.
FOR HE'S nobody's dummy.
AND NOWADAYS he not only
CARRIES THE cigarettes.
THAT SATISFY.
BUT FORCES 'em on people.
GIVES AWAY packs of 'em.
AND, SHUCKS.
HENRY COULD run for Mayor.
AND GET away with it now.

GIVE your friends the real
thing—introduce them to
Chesterfields! Odds are they'll
find just what you've found
in this wonderful Turkish
Domestic blend—a smoke
that by comparison seems
"way out of its price class—
and is, "They Satisfy!"

TENNIS PROMISES MORE VICTORIES FOR G. W. U.

Difficult Schedule Arranged; Matches With Cornell Pending; Play, Maryland U. April 15th.

Determination to repeat its brilliant record of last year, when it won the South Atlantic championship with 18 victories and 2 defeats, was the spirit of the meeting of the tennis team Monday night, March 21. A call for candi-

dates has been issued, and much promising material has responded. The courts on the Monument Grounds have been selected for practice, although no definite time for such practice has been decided upon, and the special tennis coach as yet has not been announced. There is every reason to believe that there will be a winning team this year. The opportunities for practice are abundant, and many nearby colleges afford competition, as well as numerous country clubs and tennis leagues, among which is the departmental league, the largest in the country. The climate in Washington in the spring is ideal and the beautiful courts among the pink and white Japanese cherry blossoms near the Speedway are worthy of comparison with those in Golden Gate Park, California, the home of Johnston and McLaughlin.

Tennis is one branch of athletics at the University in which we have a team capable of making a credible showing against any college in the country. Last year G. W. defeated its ancient and worthy rival, Georgetown, in straight sets. In Capt. Ladd and Manager Aten we have capable pilots to lead us successfully through the formidable schedule listed below:

Abroad.

Maryland State College, April 15.
V. M. I., April 19.
W. & L. University, April 20.
Johns Hopkins University, April 29.
Catholic University, May 4.

At Home.

W. & L. University, April 6.
Drexel Institute, April 23.
Catholic University, April 30.
V. M. I., April 13.
Georgetown University, April 10.
Bucknell College, April 2 or 3.
Cornell University, April 19 (pending).
Delaware College, May 7.

BASEBALL SITUATION BECOMES SERIOUS AT G. W.

Baseball, the national sport, may be dropped here at George Washington for lack of financial and student support. The idea of having a varsity squad has been abandoned and the Freshman team may meet the same fate if more men do not report for practice.

Although less than 15 freshmen have been reporting to the practices, the frosh team played a practice game with Western High on the afternoon of Wednesday, March 30, at Diamond 4, Seventeenth and B Streets. The High School lads took the game by the count of 4-3. The only noteworthy feature of the game was a home run by Gil Walter, who played in right field for the first-year men. Bray and Spano did the pitching honors for the Hatchettes.

VARSITY OVERWHELMS LAW GIRL BASKETERS

The last game played by the varsity this year was with the Law School team, March 21. The score was 47-11 in favor of the varsity. The lineup was as follows:

Varsity	Varsity
McDaris	Woodford
McGrew	Pickering
Egan	Eckert
Tillman	Saunders
Baines	Robison
Belt	Dunham

Ruth Reeves, manager of the team, wishes to express her appreciation of the work and spirit which the girls displayed during the entire season. A full schedule was carried out by both the varsity and the Buff and Blue teams. Miss Reeves says that if all the girls come back next year who played basketball this winter the team can look forward to a highly successful season.

Miss Martha McGrew has donated her services as coach of the second team next year, and the girls wish to thank her for her great help and encouragement.

A meeting was held Friday, April 1, to discuss affairs for basketball next year.

GIRLS' TENNIS BEGINS.

A meeting of the girls interested in tennis will be held Monday, April 11, in the Woman's University Club rooms at 1230. Matches will be played on Saturday afternoons with the members of the Woman's Tennis Club of the District of Columbia.

MASONS TO HOLD DANCE

The George Washington University Masonic Club announces that its second annual dance will be given at the New Ebbitt Hotel on Friday, April 22, 1921. All Master Masons of the University are cordially invited. Tickets may be procured from members of the club.

RIGHTWAY

School of Dancing
1218 New York Avenue
If you are thinking about learning to dance, don't make a decision before you have visited the Rightway Studio, only up-to-date Dancing Academy south of New York. Private course lessons half hour, \$1. Private room for beginners. You need not have an appointment. Open 10 a. m. to 10 p. m.

TO HOLD CLOSED TRACK MEET FOR UNIVERSITY

Expected That Meet Will Bring Out Some of Track Stars Attending George Washington.

An event of interest to all students of the University is the G. W. U. track meet, which has been announced for April 16. This meet will be held at the track near the municipal bathing pool, Seventeenth and B Streets Northwest, and will be open to students of George Washington University only. The purpose of the meet is to stimulate interest in track and to line up the candidates for the important engagements with other colleges which are to follow.

An outstanding feature of the closed meet will be the interfraternity competitive events, consisting of the half-mile relay, the 50-yard dash, the high jump and the broad jump. Many of the fraternities have manifested a keen interest in this feature, and already have their men in training. The above events are open to active members of all G. W. fraternities who are in attendance at the University.

Other events of the meet, which are open to all students of the University, are the 60-yard dash, the 220-yard dash, the 440-yard dash, the 880-yard dash, the mile, the high jump, the broad jump, the shot put, pole vault, javelin throw and the discus.

On April 23 a triangular meet with Maryland State and Catholic University will be held.

On April 29 the team will journey to Philadelphia to participate in the Penn Relay Carnival, at which will be present teams from France, Cuba and Canada, together with more than 100 United States college teams and 350 scholastic teams. This meet promises to be bigger and better than ever. More than 3,300 athletes are entered in the event.

On May 4 a dual meet will be held with Gallaudet. The South Atlantic

meet at Georgetown on May 14 and 15 will wind up the season.

Some of the men who are training at the present time are Wright, Manson, Kay, Altrup, J. Loehler, P. Loehler, Moyle, Henderson, Hume, Peake, Tracy, Phillips, Tolson, Lloyd, Roberts, Haynes, Perkins and McNeil. All candidates should report at once, as the time before the meet is getting short. Those who can train in the afternoon should report every afternoon at three o'clock direct to Bryan Morse at the municipal bathing pool, Seventeenth and B Streets. Night men are expected to report to Manager Nielsen and Bryan Morse at the Y. M. C. A. at seven p. m. on Tuesdays, Thursdays and Saturdays, where they will change clothes and be transported to Seventeenth and B Streets for practice.

They sure shake a wicked lemon phosphate at Quigley's, says Johnnie Ladd.

A good place to work off entrance conditions and to make up deficiencies in college work.

Who Was Moseley?

HE was a young Oxford man, only twenty-seven when he was killed at Gallipoli. Up to his time, man had never seen the inside of an atom. He turned the X-rays on matter—not figuratively but literally—and made them disclose the skeleton of an atom just as certainly as a surgeon makes them reveal the positions of the bones of the body. Moseley proved that all atoms are built up of the same kind of matter. He saw, too, just why an atom of copper is different from an atom of gold.

Atoms are built up of electrons. Each atom consists of a nucleus, a kind of sun, with a certain number of electrons grouped about it, like planets. Moseley actually counted the number of electrons of all the metals from aluminum to gold.

When you discover what gold is made of or a new fact about electricity, you open up new possibilities for the use of gold or electricity. For that reason the Research Laboratories of the General Electric Company are as much concerned with the "how" of things—atoms and electrons, for instance—as they are with mere applications of the electric current.

Hence Moseley's work has been continued in the Research Laboratories, with the result that more has been learned about matter. How does water freeze? What is lead? Why are lead, iron, gold and tungsten malleable? Such questions can be answered more definitely now than ten years ago. And because they can be answered it is possible to make more rapid progress in illumination, in X-ray photography, in wireless telegraphy, and in electrical engineering as a whole.

There would have been no coal-tar industry without the vast amount of research conducted in organic chemistry, and no electro-chemical industry without such work as Sir Humphrey Davey's purely scientific study of an electric current's effect on caustic potash and caustic soda. Sooner or later research in pure science always enriches the world with discoveries that can be practically applied. For these reasons the Research Laboratories of the General Electric Company devote so much time to the study of purely scientific problems.

RADIO

University students will find this a most interesting study to take up. The Loomis Radio School is conducting night classes from 7 to 9 o'clock five nights in the week and preparing young men to pass the Government examination for the first grade commercial radio license. Those not interested in obtaining a license may take our short course, which will qualify them to receive the code at the rate of 15 to 20 words a minute and learn to operate a receiving apparatus. This will afford one the opportunity of pleasant and fascinating use of many a spare hour.

Special Rates to G. W. U. Students.

Among the Fraternities

SIGMA CHI.

At a smoker held at the house on Thursday, March 24, Taylor, of Theta Theta at the University of Michigan, addressed the chapter.

An informal Easter dance was held at the house on Saturday, March 26.

Doherty, who has been at Casualty Hospital for the past two weeks and has undergone an operation, is well on the way to recovery.

KAPPA SIGMA.

The dance given at the chapter house Friday evening, March 25, has been declared by many to be one of the most successful that has yet been held. A large number of out-of-town visitors and other fraternity men were present to help add excitement to the affair. The feature of the program was dancing and singing of Miss Carroll Taylor, who for a girl of only 9 displayed remarkable and unusual talents in these arts. Mrs. Daley chaperoned the party. The next dance will be held at the house Friday evening, April 15.

The Kappa Sigs have two victories and no defeats on their baseball record. Their last success was over Sigma Chi, whom they conquered 11 to 5. The previous week the Deltas were beaten 11 to 3.

KAPPA ALPHA.

The annual spring ball of Kappa Alpha was held in the Salon des Nations at the Hotel Washington on March 30. About 75 couples enjoyed the affair, which was chaperoned by Mrs. W. R. Myers, Mrs. S. S. Spruce, and Mrs. J. H. Hinton. Representatives from all fraternities, including Nagle from Phi Sigma Kappa, Corbitt from Kappa Sigma, Ellison from Phi Delta Phi, Yates from Sigma Nu, Nall from Sigma Chi, Marshall from Sigma Phi Epsilon, Young from Sigma Alpha Epsilon, and Hixon from Theta Delta Chi, were also entertained at the dance.

SIGMA NU.

The chapter's annual Easter formal, held at the chapter house on Monday evening, March 28, was one of the most delightful affairs of the entire season.

YOU HAVE WRITTEN POEMS!

Do you care to have them revised or constructively criticised by successful authors? If you do, then send us your manuscript (stories, articles or poems). We will criticise, and place them, should they prove to be acceptable for publication.

There is no actual charge for our services. If, however, you have not previously enrolled with the advisory department of this association, we request that you enclose the initial fee of two dollars, which we must ask of each new contributor. There is no additional expense, no future obligation.

It must be realized that we can only be of aid to those of serious intent. If you do mean to strive for literary success, we can help you in many ways. Our services are yours until we have actually succeeded in marketing at least one of your manuscripts. Send something today!

Please enclose return postage with your communications.

season. Out of town guests were Misses Jo Davis, Shelbyville, Ky.; Pauline Stewart, Cincinnati, Ohio; Julia Rogers, Athens, Ga.; Carrie Foy Yarbrough, Atlanta, Ga.; Mary Peoples, Atlanta, Ga.; Emily Boyd, Griffin, Ga.

"Dusty" Rhodes, of Georgia Tech, was recently a guest of Delta Pi. He brought with him his usual line.

Cates staged a party last Friday evening at one of Washington's prominent hotels. It is hoped that this generous brother will be more successful next time.

SIGMA PHI EPSILON.

Kenneth B. Hart and George D. Stoddard, the debaters from Pennsylvania who lost to the George Washington University men at the Y. M. C. A. on Saturday night, March 25, were guests at the chapter house over the week end.

For Easter the chapter entertained as visitors Funkhouser and Ken Ware from Philadelphia. The fraternity was surprised during Easter to hear of the marriage of Clair Johnson.

DELTA TAU DELTA.

The Easter dance of the Chapter Monday, March 28, is considered the best social event that has been held this year. About 40 couples attended and danced until nearly two. The committee in charge was composed of Main Sandoe, Ray Taylor, Fearson Meeks, Jimmie Hume and Leo Rocca.

Several of the active chapter members, graduates or former students of Dartmouth College, are helping in the celebration arranged in honor of the Dartmouth baseball team, which is on its southern tour at the present time.

PHI ALPHA.

Oscar Dodek, A. B. '24; Bernard Notes, pre-med, '21; Louis Rosenberg, Law, '23; and Max Rubenstein, Med., '24, were initiated into Alpha Chapter at the fraternity house last Saturday night.

SIGMA KAPPA.

Mrs. Ethel Densmore Starr gave a card party and bridal shower in honor of Miss Dorothea Cave Monday, March 28th.

Zeta Chapter entertained at a mothers' party Friday, April 1.

Miss Elizabeth Humphrey entertained at a bridal shower in honor of Miss Dorothea Cave.

KAPPA BETA PI.

Miss Etta Taggart and Miss Fred Woodson motored to Philadelphia for the Easter holidays.

Announcement has been made of the marriage of Elsie Foote to Mr. Samuel L'Hommedieu on Thursday, April 24.

PI BETA PHI.

Miss Ellen Littlepage was initiated Pi Beta Phi at the home of Elizabeth Earnest on Tuesday, March 29.

ADMIT WANDERING GREEKS TO INTERFRATERNITY ASS'N

The Interfraternity Association met last Sunday, April 3, at the Sigma Chi house and unanimously elected the newly organized Wandering Greeks to membership in the association. The Wandering Greeks will be represented by their delegate at the next meeting.

The association also approved the participation in the coming George Washington track meet and the award of a cup by the University to the fraternity whose members score the highest number of points. Money for the purchase of the bowling championship cup was appropriated.

At the next meeting, to be held Sunday, May 1, at the Theta Delta Chi house, 1842 Calvert Street, officers for the year 1921-22 will be elected.

ORNITHOLOGY CLASS MAKES FIELD TRIP

On Saturday morning, March 19, the class in ornithology made a field trip. Six students met Prof. Paul Bartsch at the Treasury Department Building at 7 o'clock and proceeded in his car down the river beyond the Southern Railroad bridge and around the point for the purpose of studying the land and water birds of that vicinity. Thousands of Scaup ducks were seen swimming and on the wing, also a few gulls and grebes. The class observed the movements of numerous land birds, such as purple grackles, meadowlarks, starlings, bob whites, robins, fish crows, blackbirds, flickers, cardinals and sparrows. One Savannah sparrow was seen.

The trip proved very interesting and instructive, as it gave the students opportunity to observe the birds in flight and to hear their calls. The class returned to town about 8.30. Another trip is planned within the next few weeks.

THETA DELTS RECEIVE BASKETBALL TROPHY

At the annual birthday banquet of Theta Delta Chi, held at the University Club March 26, William L. Neill, director of the recent Interfraternity Basketball Tournament, presented a silver loving cup to the champion Theta Delta Chi basketball team. The

Theta Deltas came through the series without a defeat, and finally won the championship by defeating the Sigma Alpha Epsilon team March 17.

Regarding the success of the series, Director Neill said: "The series was a great success, not only in offering some keen competition for the lovers of the cage game but in bringing to

light some excellent basketball material which will surely help the varsity next year. The skepticism which at first shadowed the project vanished as soon as the first game started, and all of the fraternities cooperated to make the series a success. The series next year should surpass the recent tournament."
